Petition to the parole board for the release of Knowies is being drafted at the direction of Representative Phil Campbell of Kansas. He expects to present his petition tomorrow. Believes Him "Railroaded."

Representative Campbell became in-erested in Knowles because he comes terested in Knowles because he comes from his district and has had representatives talk at length with Knowles getting his story. Representative Campbell said yesterday: "I am convinced that this young man got into the hands of some very clever and unscrupulous car thieves who used him for their purposes and then had him railroaded."

A few days ago a group of prisoners were sent to the Leavenworth penitentiary. At that time the condition of the prisoner, according to physicians at the jail, Capt. Peake said, did not justify sending him on the journey.

Claims It Is 15th Day.

Knowles claimed that yesterday was his fifteenth day at hunger striking. Jail officials believe it to be the eighth. Shortly after the conviction of Wade Sowers, alleged accomplice of Knowles, now serving a sentence in Leavenworth on two counts of grand larceny of automobiles, Knowles "jumped his bond" and headed for Florida en route, according to the police, for Mexico. He was picked up in Jacksonville, through a circular bearing his photograph sent out by police here, and was brought back to Washington on December 7.

Following his alleged confession, Detective Sergts. Hewlitt and Jett directed employes of the street cleaning department some weeks ago at decedition.

His condition yesterday, it was said, did not necessitate forcible feeding

WAR ON SLOT MACHINES STARTED BY CONSTABLE

Vicksburg, Miss.... 40 WASH'GTON, D. C. 43

War on all forms of gambling in Prince George's County, Md., has been declared by Constable Thomas 7. Garrison. Quickly responding to omplaints of the use of slot mahines in the county, the constable erved notice on merchants that such machines must be eliminated.

"There were about 400 such machines in the county," according to Constable Garrison, and "already I have turned the faces of 50 per cent of them to the wall. The others will have to be similarly turned or there have to be simitarly turned or there will be some prosecutions."

Constable Garrison intends to tour the entire county and serve notice on merchants that they will be prosecuted unless the slot machines in their places of business are removed or their use discontinued. He already had visited Hyattsville, Bladensburg and points as far north as Laurel, he said, and as far south as Mariboro, and the next few days he intends to visit other sections.

and the next few days he intends to visit other sections.

Discussing his crusade against the slot machines. Constable Garrison states that in many places of business children were permitted to drop in their nickels and chance winning eight to one for their investment. Metal discs are obtained from the machines by those who are fortunate enough to win, the constable explained, and they are accepted in payment for merchandise.

Owners of the machines, he added, receive approximately 400 per cent profit on their investments. One of the principal complaints made to the constable was that children were permitted to try their luck with the machines.
